Creating *Extraordinary Outcomes* in Our Communities

“Brown Plus’ generous support has played an important role in helping Family Promise of Harrisburg Capital Region serve families experiencing housing instability. Their commitment to community impact allows us to provide critical shelter, case management and stability-focused programming that helps families move beyond crisis and toward long-term independence. We are grateful for Brown Plus’ partnership and shared dedication to strengthening our community.”

Interim Executive Director
Family Promise of Harrisburg
Capital Region

“We are thankful for the financial support from Brown Plus for Girls on the Run (GOTR) Lancaster-Lebanon, which directly supports our mission to say ‘yes’ to every girl, regardless of a family’s ability to pay. GOTR proudly serves 1,800 3rd through 8th grade girls each year, facilitating lessons that build physical activity and social-emotional skills while developing a strong sense of community. We cannot fully offer our impactful program without the support of local businesses like Brown Plus.”
